WORK EXPERIENCES

Associate Developer — Full-time
Thoughtworks

Jan 2026 - Present
Pune, Maharashtra

- Develop **enterprise applications** using **Agile practices** and **Test-Driven Development (TDD)** in a client delivery environment.
- Collaborate with **cross-functional teams** on feature design, code reviews, and client discussions to deliver **production-ready software**.

Technologies / Skills Used : Java, Spring Boot, React, dotNet, Node.js

Software Development Intern
Dair.cloud (Subsidiary of NIC INFOTEK)

Jan 2024 - Jul 2024
Florida, USA

- Built a **data-table system** (search, filter, sort, pagination) with **query-param sync** and **multi-column sorting**.
- Integrated **Camunda BPMN**; designed a **graph-based schema** and APIs for workflow transitions.
- Developed an **RBAC system** for multi-branch roles and permissions, optimizing **payloads** for faster APIs.
- Added **Elasticsearch-based full-text search** with a Google-style results UI.
- Contributed to **design discussions** and transitioned from frontend to backend after proposing workflow improvements.

Technologies / Skills Used : Typescript, PostgreSQL, Node.js, Next.js, Elasticsearch

SKILLS

Programming Languages : C++, Java, JavaScript, TypeScript
Frameworks & Libraries : React, NextJs, NodeJs, Express, HTML, CSS, Tailwind CSS
Tools & Platforms : Git, GitHub, Docker
Databases : PostgreSQL, MongoDB
Soft Skills : Leadership, Creativity, Team Collaboration, Communication, Decision-Making

PROJECTS

Focused Mind — Github

Jan 2025 - Jun 2025

- Developed a **Chrome extension** to enhance **productivity** using a **Pomodoro timer**, website blocking, and custom focus sessions.
- Utilised **Manifest V3** and **Chrome APIs** for features including restricted nighttime edits and screen time alerts.

Technologies / Tools Used : Chrome APIs, TypeScript

Medimate — AIML-medimate

Jan 2025 - Jun 2025

Lead Developer

- Developed backend of a cervical abnormality detection app using **FastAPI**, implementing **JWT authentication** and **REST APIs**.
- Implemented secure image upload handling with file validation and custom middleware to support **model predictions**.
- Designed modular API routes, role-based access control, and database schemas with **PostgreSQL**.

Technologies / Tools Used : Python, FastAPI, PostgreSQL

AWARDS & ACHIEVEMENTS

- Ranked** in the top **2.7%** globally on LeetCode with a Knight rating of 2003.
- Secured Global Rank 438** out of 400,000+ in the TCS CodeVita international coding competition.
- Solved 1500+ DSA problems** across platforms (LeetCode, Codeforces, HackerRank), placing in the top 10% of coding contests.
- Achieved** notable contest rankings including Top 600 in LeetCode Weekly Contest and Top 800 in IICPC Codefest 2025.

VOLUNTEERING EXPERIENCE

- Led the **Google Developer Student Club** (2023–2024) at AEC, growing membership to **1300+** and organizing **20+ events**.
- Managed a core team of **15+ members**, coordinating tasks and communication.
- Gained experience in **team building**, leadership, event hosting, and public speaking.

EDUCATIONS

Asansol Engineering College
B.Tech in CSE (AIML)

Jan 2021 - Jul 2025
CGPA : 8.9

Coursework: Object-Oriented Programming, Data Structures and Algorithms, Database Management Systems

Indian School of Learning
Higher Secondary (PCM)

Jan 2019 - Jul 2021
CGPA : 83.7%
